COUNTY CHERRY GROWERS WILL MEET FRIDAY

Cherry growers of Adams county will meet Friday to discuss ways and means of doing a better job in the growing, harvesting and marketing of their product, with several specialists from State college slated to address them. The county-wide meeting will be held in the Biglerville auditorium.

The program, as announced today by F. E. Griest, Jr., secretary-treasurer of the Adams County Fruit Growers association, sponsoring the meeting, will open at 2 o'clock. Doors of the auditorium will be opened a half hour earlier.

L. O. Weaver, extension plant pathologist, and J. O. Pepper, extension entomologist, will present and explain cherry spray programs. Fred Lewis, research plant pathologist, Arendtsville fruit laboratory, will discuss reasons for the heavy loss of trees and principal defects on fruit. J. U. Ruef, extension pomologist, will discuss orchard management practices, with special emphasis on cover crops, fertilizing and pruning.

It is expected that the afternoon session will conclude by 5 p. m. The growers and their wives will be the guests of the C. H. Musselman company, Orrtanna Canning company and the National Fruit Products company at a dinner to be served in the Musselman cafeteria at 6:30 p. m. Following the dinner entertainment will be provided, with M. E. Knouse as master of ceremonies.

JOHN DEATRICK, FORMER HEALTH OFFICER, DIES

John H. Deatrick, 78, former state health officer for Adams county, died at his home in Biglerville Monday afternoon at 3:15 o'clock from a complication of diseases following an illness of 12 weeks.

He was a native of Adams county, a son of the late Jacob S. and Anna Wilmer Deatrick. He served as health officer for about 15 years.

Mr. Deatrick was a rural mail carrier out of the Biglerville post office for a number of years and also served as a justice of the peace for a number of years. He was a member of St. Paul's Lutheran church, Biglerville.

Surviving are his widow, the former Miss Roxie Brumgard, to whom he was married 20 years; a foster daughter, Mrs. Jean Brown, Harrisburg; a son-in-law, J. W. Bringham, Gettysburg; five grandchildren; three great-grandchildren, and one brother, William, Center Mills.

Funeral services Thursday afternoon at 2 o'clock from the Bender funeral home conducted by his pastor the Rev. H. W. Sternat. Interment in the Biglerville cemetery.

Friends may call at the funeral home Wednesday evening after 7 o'clock.

FATALLY HURT FELLING TREE

Harry E. Walker, 48, of Thomasville R. D. 1, was fatally injured Monday at 4 p. m. when a limb of a tree he and his son were cutting fell against another tree and struck him on the head.

Walker, with the assistance of his son, Arnold, was felling trees between Hampton and East Berlin for Leon F. Herman at the time of the accident.

He was taken to the Hanover hospital, where he was pronounced dead on arrival. Death was attributed to a fractured skull.

A stepson of Albert Laughman and son of Mrs. Lizzie Walker, he is survived by his widow, Anna Lehigh Walker; four daughters, Mrs. Richard Baker, Hampton; Mrs. John Moore, Abbotstown; Mrs. Norman Staub, New Oxford, R. D. 1, and Miss Patsy Walker at home; his son, Arnold; seven grandchildren and two sisters, Mrs. A. S. Mummert, York, and Mrs. Clarence Young, Baltimore.

Funeral services Wednesday at 2 p. m. at Otterbein EUB church, Hanover, of which he was a member, conducted by Rev. Paul R. Wineka, pastor. Interment in Mummert's Meeting House cemetery, near East Berlin.

Fire School To Open Tonight

The fire school to be held for the Gettysburg fire company members will get underway this evening at 7 o'clock at the engine house, East Middle street. Fireman Albert Myers of the West York company will be the instructor at the course.

Dr. Fortenbaugh Is Harrisburg Speaker

Gen. Robert E. Lee's drive from Fredericksburg, Va., aimed at invading Harrisburg and which ultimately resulted in the Battle of Gettysburg during the first week of July, 1863, in the War Between the States, was interestingly traced for members of the Dauphin County Historical society at their February meeting in John Harris Mansion Monday night by Dr. Robert Fortenbaugh, history professor of Gettysburg college.

Doctor Fortenbaugh, an authority on the decisive battle here, highlighted his remarks with an analysis of some tactics used by Lee and the Union commander, Gen. George G. Meade, during the campaign which actually lasted from June 3 to the first week in August, and which resulted in the "chance" battle at Gettysburg.

DRUG STORE IS CALLED TYPICAL U.S. INSTITUTION

The typical American institution—the drug store, was described Monday evening by Frank Britcher, local druggist, at the regular meeting of the local Rotary club in the YWCA.

"The drug store is an integral part of American life," he pointed out, "in a sense it has been typical of our time and has been typical in each generation, changing little by little in adaptation to changing demands, from ancient times to the present."

"Yet each store is different. One is hyper-commercialized and its merchandise fairly leaps at you as you enter. Another is professional and restricts its activities to the filling of prescriptions. Another will, so to speak, take the middle of the road and its activity is entirely governed by the needs of the locality in which it is located."

Change In Drugs

"The drug store is typical of our country, yet it means something different to each individual. To the student it may mean a place where other students can always be found. To the youngsters it may mean ice cream and candy. To the mother of a sick child it means a place where she can get relief for the child's illness. Our idea of a drug store is based upon individual experiences with it."

Pointing out that the basic function of the drug store is to (Please Turn to Page 6)

Special Services At Paradise Church

The Rev. Fr. Chester Loszewski, pastor of Paradise Catholic church, near Abbotstown, announced the parish schedule for the coming Lenten season, stating that mass will be celebrated each weekday morning during Lent at 6:45 a. m., with Stations of the Cross conducted each Friday evening at 7 o'clock. Ash Wednesday will be marked with the customary distribution of ashes at 7 p. m.

Sunday masses will be as usual, at 7 and 8:30 a. m. with confessions heard before each mass. Sunday, February 23, will be the first day for parishioners to perform their "Easter Duty," the reception of the sacraments required by the Catholic church at some time between the first Sunday of Lent and Trinity Sunday, June 1. Parish services will take place at the Rectory chapel until repairs are completed on the parish church.

Women of the parish conducted a benefit party, the last social activity of the congregation until the end of Lent, at the Rectory Hall on Monday evening.

PROGRAM FOR MISS FLOOD'S CONCERT GIVEN

Announcement was made today of the program to be presented by Miss Leona Flood, young concert violinist whose concert tours have extended across this country and through Europe, when she appears in Brua chapel next Monday evening

LEONA FLOOD

under the sponsorship of the Woman's League of Gettysburg college.

Miss Flood, whose first press notices in the musical world were received at the age of three as a singer, will present a four-part program with Rudolph Gruen at the piano.

The first part of the concert will be Edward Lalo's "Spanish Symphony," which was specially written for the great Spanish violinist, Pablo de Sarasate and is known as one of the greatest of the violin concerti. She will play the allegro, andante and rondo movements.

Varied Program

Then Miss Flood will play a group of four dance numbers beginning with "Hungarian Dance No. 4" by Brahms. Dvorak's "Slavonic Dance No. 8" will follow and then she will play the popular "Polish Waltz in E Minor" by Chopin-Ysaye. Concluding the group will be "Greek Dance" by de Meis.

After intermission, Miss Flood will resume with Ernest Chausson's "Poeme," which has been called the masterpiece of lyrical and poetic expression on the violin.

Her final group of selections will (Please Turn to Page 5)

Littlestown PLAN SERVICES ASH WEDNESDAY IN LITTLESTOWN

A number of churches of Littlestown and vicinity will conduct special Lenten services on Ash Wednesday, tomorrow, the first day of Lent.

Rev. John H. Weber, pastor of St. Aloysius' Catholic church, has announced Stations of the Cross for Wednesday at 3 p. m.; and sermon and benediction at 7:30 p. m. Mass will be at 8 a. m., as will Mass each day during Lent. Each Friday evening at 7:30 p. m., there will be Stations of the Cross, as well as Wednesday services.

TB SEAL SALE TOPPED \$2,700

Receipts from the Christmas seals so far total \$2,764.20, one of the largest returns ever received, the Adams County Tuberculosis society learned Monday evening at a meeting of the board of directors in the Red Cross office, Baltimore street.

The sum is "about \$200" more than last year's receipts and some additional sums are expected from those who have not yet remitted for the seals.

Nine hundred and sixty students were examined during the annual test of school children for tuberculosis in November, a report disclosed. Fifteen adults were also tested. Fifty-five of those tested were found to have positive reactions and the group was x-rayed. With the addition of a number who were re-x-rayed to determine any change in conditions discovered last year a total of 79 x-rays were paid for by the society.

A donation of \$25 was made to the Adams County Free Library for the purchase of health books.

Dr. Lloyd C. Keefe, president of the society, presided.

At Least 20 Are Killed In Early Morning Wreck Of Pennsy's "Red Arrow"

Altoona, Pa., Feb. 18 (AP) — Coroner Daniel Replegle of Altoona said that "at least 20 were killed" in the wreck of the Pennsylvania railroad's "Red Arrow," Detroit to New York passenger train, ten miles west of here early today.

The coroner said that 17 bodies had been taken out of the wreck, which occurred when the train jumped the track and sent the two engines, mail car, baggage car, coach, and two sleepers plunging down the embankment, overturned the diner and two sleepers and derailed three other sleepers.

The dead included three members of the four-man engine crews—Engineman E. M. McCordie of Scottsdale, Pa., Fireman R. H. Henry of Derry, Pa., and Fireman J. M. Parasok of Altoona.

Other Identified Dead

Other dead identified at the morgue included: Selesia Hamlik, Flint, Mich.; Pvt. George H. Stacy, Ft. Dix, N. J.; Mrs. Sadie Taylor, New Castle, Del., and John Drumm, believed to be a soldier of DuBois, Pa.

SEES NEED FOR DRASTIC CHANGE IN SCHOOL ROLE

The need for a drastic revision of the school system was outlined Monday by Dr. Ralph Scrafford, supervisor of special education for the Adams county schools, in a talk given before the Adams County Welfare Council at a meeting held in the County Assistance board offices on North Washington street.

"The schools are now asked to teach discipline, how to take orders, how to behave and similar desirable habits that should have been taught by the parents at home. But many of the parents are not teaching these traits and the school apparently will have to take on those duties," Doctor Scrafford said.

"We have, too, the problem of education for an adult world. Previously the schools were able to provide the education students needed when they left school and entered their life work. But who today can guess what will be the needs 30 years from now?"

Leisure Time Problem

"We are coming into the age of the automatic factory—factories where a few technicians will do the work of thousands of machinists. I think we can safely say that many of the jobs that are open today will disappear in the future. We should find out that the future will bring greater and greater leisure to great numbers of people. It will bring too a greater number of persons over 60 years of age. One estimate has it that by 1980 there will be 20,000,000 persons over 60 years of age in the United States.

"Education will have to meet a responsibility for producing the men and women who will live in that age. The 'good life' of much leisure is a two-edged sword. The problem of leisure time will become greater. To what use will people put that leisure time? We may see an increase in crime and delinquency.

"Possibly one answer will be increased adult education so that the individual may spend some of that leisure time in furthering his studies."

We Are In The Middle Of Winter But Spring Is Nigh

Aside from a certain "feel" to the air, and other minor signs, real evidence of spring are still staying under cover in Gettysburg. There was more of spring in the offing during the unseasonable warm spell in January than now.

The exceedingly mild winter weather with which this section of the country has been favored may make several usual signs of the approaching spring season almost unrecognizable. Youngsters have been able to ride their bicycles, fly kites, play marbles and roller skate practically all winter.

The first robin has already been reported. Back in January, buds were almost ready to pop. Some are again close to that point. There is a definite feeling that "spring is not far away...?"

Stores which will blossom forth in all the glory of spring merchandise soon, have not yet begun to display their new wares in any large amounts, but here and there are hints.

A Pennsylvania railroad spokesman estimated "around 80 persons" were injured.

The wreck of the Detroit-New York sleeper occurred at 3:25 a. m. The scene was about two miles west of "Horseshoe Curve," known to thousands for its beautiful view down a mountain valley.

2 Engines, 11 Cars Derailed

A railroad spokesman said two locomotives and 11 cars of the 14-car train were derailed, some rolling down an embankment.

The injured were rushed to hospitals at Altoona, where attendants became so busy they couldn't count the casualties. Mercy and Altoona hospitals later reported they had a total of 85 casualties and more were arriving.

The accident disrupted all railroad telephone communication in the area, the spokesman said, increasing the difficulty of obtaining information and details.

The "Red Arrow" is one of the Pennsylvania's crack passenger trains. It had eight sleepers, one diner, one coach and the rest baggage and mail cars.

Tom Lynam, an Altoona photographer, said he saw three or four bodies lying around and injured passengers were moaning inside an overturned car.

"Weird Sight"

"I shone my flashlight inside and saw arms and legs sticking up," he said. "Some railroad workers with acetylene torches were cutting the wreckage to release passengers who were pinned down. The injured were being carried away on stretchers."

"One woman was calling for her daughter, who was in a car that went down a 100-foot embankment. "It was a pretty weird sight and made me feel shaky. My two brothers, who drove from Altoona with me, became so nervous they could hardly hold still."

Witnesses told of a clergyman, identified as the Rev. Lieberman, of Canton, O., praying and calming passengers in the car at the bottom of the embankment.

The casualties were removed to Altoona by train.

LENT TO OPEN ON WEDNESDAY; LASTS 6 WEEKS

Today, Shrove Tuesday, or Fastnacht day, marked the last day preceding the traditional penitential season of the Christian churches, Lent.

Wednesday, Ash Wednesday, Christians throughout the world will recall the fate of all bodies—"to dust thou shalt return" as a beginning for six weeks of prayer and penance that will end with the celebration of Easter when once again the world will mark the rising of Christ from the dead.

In many churches in Gettysburg special services will mark Ash Wednesday.

Distribute Ashes

Lent will begin for members of St. Francis Xavier Catholic church Wednesday morning with mass at 8 o'clock. Ashes will be distributed prior to the mass and Holy Communion will be distributed at 7:15 (Please turn to Page 2)

LEGION TO SEND TWO SCOUTS TO SUMMER CAMP

The Albert J. Lentz Post No. 203, American Legion, which was not solicited, it says, in the recent Boy Scout campaign for funds to set up the new scout camp near Dillsburg, is determined to have a part in scout work anyway.

The post agreed, at its regular meeting at the post home on Baltimore street Monday night, to pay the expenses of two worthy Gettysburg scouts at the Dillsburg camp for two weeks this summer, and referred the proposition to its donations committee for a recommendation on the cost and the amount to be set aside for this purpose.

The boys to be sent to camp will be chosen from local troops and will be two who would not be financially able otherwise to attend, the post decided.

Eight New Members

A paid-up membership for 1947 of nearly 1,000 was reported, with plenty of enthusiasm shown in the drive to obtain renewals of all old members and to get new members in the post to pass the membership mark last year of 1,362.

Eight new members were accepted Monday night, and one transfer received. Ted Goss, McKnightstown, formerly a member of the Ira E. Lady Post, Biglerville, transferred to the Lentz post. There were 98 at the meeting. Commander Edward Culp presided.

Encouraging reports were received from the athletic committee on the coming baseball season. The post has entered a team in the Adams county league, and has been granted use of the high school diamond by the school board. The summer schedule will be announced later, the committee said.

COUNTY TROOP ON GUARD GETS 'GO AHEAD' SIGN

Adams county's Troop A of the 104th Cavalry Reconnaissance Squadron, Pennsylvania National Guard, has received the "go" signal for organization with the National Guard Bureau of the War Department forwarding authorization to reconstitute the squadron, retroactive to February 10.

The authorization means that officers may formally be appointed and other personnel enlisted. National Guard officers said today. Those who have been serving in the guard unit so far have been serving unofficially and without compensation.

The county unit is one of four troops affected by the reactivation of the 104th which was deactivated from Federal Service in World War II on November 15, 1945.

Seek Recognition Soon

Lieutenant Colonel Wayne W. Brame, Harrisburg, who has been designated acting commander of the squadron, stated that all four units, at Harrisburg, Carlisle, Gettysburg and Tyrone, are planning to press their requests for federal recognition by April 10. That recognition which carries with it eligibility to receive pay for weekly armory drills and to begin receiving (Please turn to Page 2)

Two County Couples Wed Over Weekend

Catharine Arlene Leppo, daughter of Mr. and Mrs. Albert J. Leppo, Hanover R. 1, and Peter Bernard Slusser, son of Mr. and Mrs. Turnie E. Slusser, Hanover R. 4, were married by the Rev. Cletus H. Wagnan at Conewago chapel, February 15, according to a marriage return received at the office of the clerk of the courts here.

Also married on February 15 at Conewago chapel by the Rev. Wagnan were Mary Grace Brame, daughter of Mrs. Ella V. Sturms, New Oxford R. 1, and Ray Francis Klunk, son of Mr. and Mrs. Charles Klunk, also of New Oxford R. 1.

Mr. and Mrs. George Martin, 30 West Water street, announce the birth of a daughter at the hospital this morning.

A daughter was born Monday evening at the hospital to Mr. and Mrs. Clarence Sanders, Gettysburg R. 2. Mr. and Mrs. William Utz, Succasunna, N. J., announce the birth of a daughter on Monday, Mr. Utz, a former resident of Gettysburg, is athletic coach at Succasunna high school.

A son was born Sunday to Mr. and Mrs. Donald Reaver, Littlestown, at the Hanover hospital.

Stoner Reelected As DHIA Head

Joseph Stoner, East Berlin, was re-elected president of the Adams County Dairy Herd Improvement Association at its annual meeting Monday evening at the court house.

Walter L. Hay, Gettysburg R. 5, was re-elected secretary and B. J. Griffie, York Springs R. 2, was re-named a member of the board of directors. New directors elected were Edgar Weaver, Gettysburg R. 4, and V. P. Brenner, Fairfield R. D.

H. C. Gilmore, dairy extension specialist, spoke on "What Use Are Our DHIA Records?"

BLACK WALNUT SCOUTERS PLAN COURSE IN MAY

Plans for a junior leaders training course to be held May 3 and 4 at Camp Ganoga were outlined Monday evening at the February meeting of the Black Walnut Boy Scout District council. The session was held in the Hotel Gettysburg.

Dr. Joseph H. Riley was named to promote the course in the district. The scoutmaster and two junior assistants from each troop will be permitted to attend the "school" at which the instructor will be William Hillcourt, known as "Greenbar Bill" who wrote the Boy Scout handbook and is a prolific writer of scout lore.

The training will be designed to help the junior leaders do the best possible job at the council camporee to be held late in May. Snead Cliff, local scout executive, told the group. The date, place and rules for the council camporee will be announced following a meeting in March, he added.

Plan Board of Review

A district board of review will be held at Mummastown on Thursday, February 27, at 7 p. m., the district committee decided.

The new campsite near Dillsburg is now ready for use for troop or patrol camping. Cliff told the group, although no buildings have yet been constructed. A hunting lodge on the property can be used by the scouts as headquarters for camping there under tents. A dozen boys from the York Springs troop were the first from this county to use the new site over last week-end.

An open forum on problems of leadership, advancement, camping and the like concluded the session. Vice Chairman John Fidler presided with Dr. Frederick Tilberg, William McKendry, Jack Cessna, Walter Johns, Mr. Cliff and Dr. Riley attending. The next committee meeting will be held at the hotel March 17 at 8 p. m.

EMMITSBURG COUPLE WEDS

A wedding was solemnized on Saturday morning at 9 o'clock in St. Joseph's Catholic church, Emmitsburg, when Miss Jane Adelaide Baker, daughter of Mr. and Mrs. Guy A. Baker, became the bride of George Louis Orndorff, son of Mr. and Mrs. Maurice Orndorff.

The double ring ceremony was performed by the Rev. Fr. Gerald Curran, assistant pastor of the bride, in the presence of a large number of relatives and friends.

The altar was decorated with white and pink snapdragons and a profusion of lighted candles.

The bride, who was given in marriage by her father, wore a white slipper satin gown with a long train of marquisette. Her gown was a light (Please Turn to Page 6)

Speeding Motorist Gets Involved Here

A charge of reckless driving was placed today by borough police against Lloyd C. Huff, Littlestown R. 1. Borough Police Officer Albert L. Wolford charged that Huff failed to halt for the stop sign at East Lincoln avenue and Carlisle street at 2:30 a. m. today, and turned the corner so fast his car ran off on the right side of Carlisle street. Wolford also said Huff was driving 55 to 60 miles an hour on Carlisle street before he was caught at Center Square. A ten-day notice will be sent by Justice of the Peace John H. Baschore.

WILL IS PROBATED

A petition for the probate of the will of John H. Leese, Reading township, who died February 14, has been filed at the office of the register and recorder by a son, Malcolm Leese, East Berlin. The will leaves the estate to four children, Beulah Kaas and Harry, Malcolm and Maurice Leese.

Mrs. Mary Darone Willet, Hanover, daughter of the late Mrs. Fannie Darone, East Berlin, has filed suit for divorce from her husband, John, also of Hanover, at York.

SERVE WARRANT ON GRANT LOGAN IN MURDER CASE

A warrant charging him with the murder of Mrs. Hazel Wagner, 32-year-old beauty shop operator, was served on Grant L. Logan, 30, a Glen Rock garage mechanic and former resident of East Berlin.

Constable Russell G. Ziegler read the warrant to Logan at the West Side Osteopathic hospital, York, where he is a patient suffering three bullet wounds of the chest, which authorities say, were self-inflicted. "I didn't think she was dead... I didn't think I killed her," Logan said as the constable completed reading the warrant.

Police officials said Logan attempted suicide after shooting Mrs. Wagner Sunday evening on the doorstep of her home at 233 Roosevelt avenue, York, when she attempted to keep him from seeing his estranged wife, Pauline, 28, who had been living with Mrs. Wagner.

York County Coroner Lester J. Sell stated that an autopsy performed by Dr. Lewis C. Pusch showed Mrs. Wagner's death was caused by shock, internal hemorrhage with a gunshot wound in the abdomen as a contributory cause.

Fired At Close Range

York Police Chief Shultz said Mrs. Wagner's assailant shot from not "over four inches" from her because her clothes were seared by gunfire. Shultz said that Logan admitted firing the shot when questioned early Monday, but apparently did not know if anyone was hit. The police chief stated Logan identified his own gun at the time and that all five bullets fired were accounted for—one killed Mrs. Wagner, Logan fired one in the air when he parked his car about three-tenths of a mile west of Carlisle avenue on the Taxville road, and three the man used on himself.

The gun was found by police later in the morning at the spot where Logan told them he had thrown it. Only one bullet—which entered (Please Turn to Page 5)

MAKES APPEAL FOR DONATIONS TO FUND DRIVE

"Sizable gifts must be made at once if we are to meet our quota of \$75,000 in Gettysburg college's building expansion drive for \$300,000," C. A. Willis, chairman of the Gettysburg and Adams county committee, said today.

"The college is within its rights in expecting substantial support from every quarter for its laudable expansion program. I believe that every thinking citizen will sense the benefits derived from the college in our midst and also the good that will come to the community from the construction of the new buildings. I appeal to all to make a maximum gift now."

Meet Tonight

ing uniforms and equipment, will be based on the recommendations of inspectors from the headquarters, Second Army area.

While the entire squadron will have an authorized strength of 375 officers and men, Captain Robert L. Scott, provisional commander of Troop A here, said today that every effort will be made to have at least 30 men enlisted for Troop A prior to April 10. While a number of men have expressed their willingness to join and have had everything in readiness to enlist for some time, no official enlistments could be received until the announcement of the authorization of the squadron.

The local unit will meet this evening at 7:30 o'clock in the armory. All persons interested in the guard are urged to attend.

GREEN ASSAILS
BILLS ON LABOR

Washington, Feb. 18 (AP)—William Green, AFL president, today assailed restrictive labor legislation pending before Congress and said its enactment would "produce such great industrial confusion as to undermine" this country's world position.

A witness before the Senate Labor committee, Green urged a study by "this or any other committee" to "acquire a complete knowledge and understanding of those basic forces and x x x new circumstances" which have arisen the past 15 years. The AFL, he said, would cooperate in such a study.

He took up, one by one, the bills pending before the committee and criticized them all.

A bill for compulsory cooling-off period he called "an unjustified invasion of an essential liberty—the right to strike." Another to outlaw the union shop he labeled "bitterly reactionary." A proposal to ban industry-wide bargaining he said would result in "industrial chaos."

GUNS ANNOUNCE
ROYAL INFANT

Amsterdam, Feb. 18 (AP)—The guns near Crown Princess Juliana's palace at Soestdijk and in the center of the main Dutch cities thundered out a barrage at 7 a. m. today, awakening Hollanders to tell them of the birth of a royal baby.

By counting the 51 shots the Dutch knew that their crown princess for the fourth time had given birth to a daughter. For a son there would have been 101 shots.

Church bells ringing for one quarter of an hour mingled with the booming of the 25 pounders, and a few minutes later the first red, white and blue flags were put out.

The birth was officially announced at 3 a. m. when the secretary of the princess, Baron Baud, gave the news by telephone from Soestdijk palace to the press room in the nearby Astoria hotel.

Lenten Rites At
New Oxford Church

The Church of the Immaculate Conception, New Oxford, of which the Rev. Robert D. Hartnett is pastor, will hold special devotions in honor of the Lenten season, beginning on Ash Wednesday. Mass is scheduled for each weekday morning at 8 o'clock. A special service for the distribution of ashes will be conducted on Wednesday evening at 7:30. Stations of the Cross will take place at 7:30 each Friday evening.

Children of St. Mary's Parochial school are expected to attend mass in a body on each school day morning.

FIVE PERISH IN FIRE

Chicago, Feb. 18 (AP)—A mother and her four children perished in an early morning fire today in their home in suburban Harvey. Sgt. George Kauer of the Harvey police department identified the dead as Mrs. Mona Hoover, 43, and her children, Linda May, one year old, James, 12, Violet, 13, and Robert, 7.

WREATHS ON IWO

Tokyo Feb. 18 (AP)—Twentieth air-force planes will drop wreaths tomorrow on the beach at Iwo Jima where the marines made their initial landings February 19, 1945. In the afternoon, the flag-raising atop Mount Suribachi will be reenacted.

Washington, Feb. 18 (AP)—Chairman Buck (R-Del) predicted today his Senate Banking subcommittee will approve about March 1 legislation calling for a general rent increase and removal of rent ceilings on new housing. Buck himself favors a boost of up to 10 per cent, as provided in his own bill which scraps controls on new dwellings.

News Briefs

London, Feb. 18 (AP)—East-West

misunderstanding—the bogey of virtually every international conference since the war—tangled the deputy foreign ministers of the Big Four in disagreement today and left peace treaties for Germany and Austria largely unwritten.

This means that the task of drafting peace terms will fall largely to the Big Four's foreign ministers when they meet in Moscow less than three weeks hence.

Harrisburg, Feb. 18 (AP)—The annual dinner of the Pennsylvania Manufacturers' association at Philadelphia next Tuesday night will be a "Roman festival" at which Pennsylvania's budget and fiscal policies may be decided for the next two years, say the commonwealth's Democratic leaders. The dinner brought about some unscheduled oratory yesterday in the Senate and House.

Philadelphia, Feb. 18 (AP)—Plane schedules will be as dependable as railroad timetables by 1950, says William Patterson, president of United Air Lines, because radio and the automatic pilot together will make landings as easy as "sliding down a banister."

New York, Feb. 18 (AP)—Selected steels and rubbers exhibited a moderate amount of strength in today's market although many leaders in other groups lacked rising stamina. From the start dealings were among the slowest of the year to date. While gains of fractions to a point or so persisted near the fourth hour, losses of as much were plentiful.

Chester, Pa., Feb. 18 (AP)—Mrs. Mary Marchant, 42-year-old widow, and her son, James Wilkins, 17, suffocated today in a fire at their home. While flames still raged in the kitchen downstairs, Fireman James Lamb rushed to the second floor of the two-story brick house and found the bodies. Apparently both mother and son died in their sleep.

Lake Success, N. Y., Feb. 18 (AP)—Great Britain charged in the United Nations Security Council today that Albania had not only violated international law by mining the Corfu channel but had committed "a crime against humanity." This declaration was made by Sir Alexander Cadogan as the Council opened its hearing on British complaints that mines laid by Albania had killed 44 British seamen and injured 42 last October 22.

Harrisburg, Feb. 18 (AP)—Legislation fixing September 9 for the 1947 municipal primary was promptly approved today by the House election committee and advanced toward final passage by that branch of the General Assembly.

Albany, N. Y., Feb. 18 (AP)—A thousand "marchers" from New York city termed "Reds" and "rabble-rousers" by Republican legislative leaders, were greeted at New York's capitol today by barred doors guarded closely by state police. The delegation, alighting from a sixteen-car special train, was greeted by twenty Albany policemen, and formed a column for a half-mile march to the capitol steps.

Chicago, Feb. 18 (AP)—Thirty-four of the nation's railroads will initiate on April 1 a travel-on-credit plan which sponsors say will be "as simple as a department store charge account." H. W. Siddall, chairman of the Railroad Passenger Inter-ritorial Committee, announced yesterday that subscribers to the plan would need only one credit card to buy railroad, Pullman and parlor car tickets on any of the roads and would be billed monthly.

Washington, Feb. 18 (AP)—Henry C. Hart, Jr., former Tennessee Valley Authority employee, today bluntly denied he signed or knew about a letter allegedly telling about Communist activities within the agency.

Hart, shortly after testifying about being a member of the Communist party for 18 months from 1937 to 1939 while a TVA employee, testified under oath that he did not write the letter, sign it, or know about it until it was published in a Knoxville, Tenn., paper in 1943.

Shanghai, Feb. 18 (AP)—Prices of most of China's export commodities showed signs of skyrocketing today, less than 48 hours after the Government took drastic action to stabilize China's economy.

Exporters said the flow of goods to foreign ports would be choked off by too-high prices unless the Government checked the upward trend at once.

The Government, taking action against violators of new measures banning private dealings in gold and in U. S. currency, arrested three Chinese black market operators for trading in American dollars.

Trenton, N. J., Feb. 18 (AP)—An attempt by James H. R. Cromwell to have his limited divorce from 34-year old tobacco heiress Doris Duke made absolute was delayed yesterday when Advisory Master Norman T. Rogers referred his application to another court in Hudson county where Cromwell is a legal resident. Cromwell, 51, former U. S. Minister to Canada, obtained a limited divorce in 1944. Under it, neither party can remarry.

Per capita citrus production in the United States in 1946 was more than one and one-third crates.

Mr. and Mrs. John Lightner and daughters, Anna Mae and Barbara, and son, Philip, Mohaffey, Pa., spent a few days visiting relatives here and at Fairfield Station.

NLRB Gives Notice
To Striking Unions

Washington, Feb. 18 (AP)—The National Labor Relations Board posted fresh notice to unions—and to Congress—today that workers who strike over wages and job conditions can be replaced without violating the Wagner Labor Relations Act.

The board went even further in its decision involving two St. Petersburg, Fla., newspapers and declared that when a union itself doesn't bargain it can't charge the employer with failing to negotiate in good faith and hope to make the charge stick. Under the Wagner Act only the employer can be penalized for refusing to bargain with his workers.

Last night's ruling—laying down what the board called "dicta" or a declaration of policy on the bargaining issue—came as both Senate and House Labor committees are studying proposed amendments designed to meet criticism that the Wagner Act is one-sided in favor of unions. The board administers the act.

SEALING OLD MINES

Harrisburg, Feb. 18 (AP)—Sealing of abandoned coal mines in connection with the Commonwealth's stream clean-up program is being continued by State Health Department engineers throughout the winter. The State Sanitary Water Board announced today four wet seals—laying pipe lines from the mine opening into a concrete box and allowing clear water to flow into streams—are now under construction in three counties.

Emmitsburg

Emmitsburg—Pat Freeman, son of Dr. and Mrs. H. P. Freeman, Emmitsburg, has completed his college course at Dickinson college, Carlisle. No exercises were held for the mid-winter graduates, but they will be called back to take part in the formal commencement held in June. He finished a pre-medical course which he began before being inducted into the service. He received a bachelor of science degree.

The Mt. St. Mary's college basketball squad will play its next Mason-Dixon game on Saturday with Washington college at Chestertown, Maryland.

Miss Grace Rowe, of Washington, D. C., spent the week-end visiting Mr. and Mrs. James Hays and family.

Mrs. Charles A. Harner and Mrs. Richard Harner and son Charles Alfred visited on Tuesday of last week with Mr. and Mrs. Ernest Harner of Baltimore.

Miss Louise Adams, of Washington, D. C., spent from Saturday until Tuesday at the home of her parents, Mr. and Mrs. C. Felix Adams. Jack Burbick, of West Chester, was guest over the week-end of Mr. and Mrs. Bernard H. Boyle and family.

Miss Naomi Harbaugh, of Baltimore, spent the week-end visiting her brother-in-law and sister, Mr. and Mrs. John M. Troxell.

Mr. and Mrs. William Topper, of Mt. Airy, visited over the week-end with Mr. and Mrs. Robert L. Topper. "Toss" Shorb, who was confined to his home last week on account of illness, is out and around again.

Mr. and Mrs. Rodgers Topper and daughter, Patsy, of Mt. Airy, Md., spent Sunday at the home of Mr. and Mrs. Robert L. Topper.

High School Notes

The De Paul Mission Unit sponsored a Valentine Party on February 13. The boy and girl receiving the most valentines were crowned King and Queen of Hearts; Entertainment was furnished by the Junior and Senior classes. The Sophomores were in charge of refreshments. The Freshmen decorated the auditorium in a gala manner, with red hearts swinging from streamers of red and white.

The next meeting of the Parents' club of St. Joseph's high school will be held March 2.

Mr. and Mrs. John Eugler of Blue Ridge Summit, Pa., were visitors Sunday at the home of Mr. and Mrs. Earl S. Eugler.

Ban Amendments
To Budget Cut

Washington, Feb. 18 (AP)—The House Rules committee voted today to ban amendments to a resolution proposing a \$6,000,000,000 cut in President Truman's \$37,500,000,000 budget.

The action by the Republican-controlled committee was taken as

Democrats shouted the House was being "gagged" against freely working its will.

The decision to send the budgetary bill to the House floor for a vote on Thursday under a closed rule came in the face of this statement by Rep. Cannon (D-Mo): "This is the most drastic rule that can be written. It is not in keeping with democratic processes, but is an agent of dictatorship."

MUHLBERG TO MEET BULLETS ON WEDNESDAY

Muhlberg college's basketball team, rated as the best to appear here this season, will be the opponent of the Gettysburg college dribblers Wednesday evening.

The Mules, leaders in the Northern Division of the Middle Atlantic conference, can sew up first place by defeating the Bullets.

Winners of their last six games and victors in 14 of 18 tilts this season, the Mules are now rated as one of the strongest teams in the state and a likely participant again in the Madison Square Garden Invitation tournament. The Bullets lost to the Cardinal and Gray team at Allentown February 8 by an 82-46 score.

Strong Lineup

Heading the Muhlberg cast of stars are Captain Oscar Baldwin, high-scoring Harry Donovan and his brother, Eddie Donovan. Dick McGee, Eddie Schwab, Aloysius Saeffer, Charles Theisen, Frank Pfeiffer, Marvin Jaffe and Daniel Mackin round out the powerful first string squad.

Fully realizing the assignment confronting them, the Bullets put in a hard workout Monday afternoon in preparation for the game. Coach "Hen" Bream, who has been shuffling his lineup considerably recently, may again use a new starting combination.

The undefeated Bullet junior varsity will be gunning for its ninth straight in the preliminary event at 7 o'clock. Not much is known of the Mule reserves but included in their list of victories is a decision over Bucknell, a team beaten by the locals 69-35.

MIKE JACOBS NOT DONE YET

By SID FEDER

Rumson, N. J., Feb. 18 (P)—There is plenty of the old batter still left in Mike Jacobs, and as a result Uncle Mike tells you he figures he'll be "back in harness" any time now.

This, of course, is a lot of optimism on Uncle Mike's part, because the doctors say it'll probably be six months more before he can even think of doing business at the old stand, which is Madison Square Garden where Mike happens to be the World's No. 1 boxing promoter.

But even at that, it's a big win for Mike, when you remember that he was hanging on the ropes and just about ready for the ten count from a combined cerebral hemorrhage and acute heart attack back there only a few weeks ago.

Shock To "Wolves"

And the mere fact that he tells you he's going to come back at all shows just how much of the old Mike still packs. It no doubt will come as a rude shock, too, to the promoters and would-be impresarios and hungry bone-pickers who rushed to the scene like so many wolves when he was stricken December 3, thinking they could move in and grab off the spot as his successor.

All you have to do is look at Mike, as he slowly gets back his strength here on his Jersey shore estate to realize "he's beating the rap."

He left the hospital in New York just 16 days ago, and while Mike isn't doing any fancy dances yet, he is slowly coming 'round.

NORTHWESTERN SEEKING COACH

Chicago, Feb. 18 (P)—In a race against an April 3 deadline, the date Northwestern's spring football drills open, Athletic Director Ted Papeur today was buzzing around the country hunting a head coach.

Instead of a road map, he was guided by a hastily compiled list of candidates which include at least three college and two pro coaches. He hoped to have chats with as many as possible in his search for a replacement for Lynn Waldorf, who suddenly took the head coaching assignment at the University of California, before winding up his three-day whirlwind expedition tomorrow.

Last seen, Papeur was heading for Columbia, Mo., to offer a contract to Don Faurot, bossman of the Missouri Tigers. The pact probably ranges between \$10,000 and \$12,000 yearly.

Others On List

From Missouri—according to Chet Gargas, assistant Northwestern athletic director—the trail is expected to lead into Ohio where Papeur will corner Ray Nolting, formerly a dashing performer for the Chicago Bears and now a successful mentor at Cincinnati university. Then on to Cleveland to speak to another prominent prospect, Bob Voight, line coach for Paul Brown's Cleveland Browns' all-American conference pro champions.

Other candidates on Papeur's first list are Henry Frnka, of Tulane and Earle "Greasy" Neale, grid director of the Philadelphia Eagles of the National Football League.

Maroons Host To Hanover Tonight

This evening the Gettysburg high cagers will attempt to snap a two-game losing streak when they clash with Hanover high in a South Penn league game on the Maroons' court.

Beaten soundly by the Night-hawks at Hanover last month 49-36, the Forney-men will have to give one of their best performances to gain revenge. Each team has dropped two of three games during the second half of the league season.

A tough task also awaits the Maroon scrubs in the preliminary game at 7 o'clock. Coach Shoemaker's youngsters have lost four straight.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, Feb. 18 (P)—After viewing the fabulous Clint Hartung for the first time, New York baseball writers report he bears a striking resemblance to Babe Herman—as if the bulldog they've been giving Clint wasn't a bad enough handicap.

According to Norris Anderson, Lincoln (Neb.) Star sports editor, Pappy Waldorf is the only football coach who ever jumped from Kansas state to a higher position.

HIGH JINX

The members of the Jamestown, N. Y., basketball team might have been fearful the other night when they climbed aboard a bus numbered X-13-13 for a trip to nearby Silver Creek, but they got a lot more than they expected. . . . Jamestown, the favorite, made 13 field goals and 13 fouls, missed 13 free throws and was beaten, 45-39. The timekeeper noticed that the last four minutes, with time out when the ball was dead, required 13 minutes to play. . . . As they left the gym, the Jamestown center hollered: "It's got us again." . . . He was looking at a thermometer that registered 13 degrees.

SPORTSPOURRI

Two of Washington's rookie pitchers this year were college hockey players, Bob Callan at Dartmouth and Bob Shore at the U. of Saskatchewan. But they probably won't put many games on ice. . . . Leo Durocher tells local scribes: "I told Mr. Rickey to give Chuck Dressen a raise and take it out of my check." . . . The N. Y. Knickerbockers of the pro basketball association are acquiring so much Ivy they may trip over it. Latest acquisition from the Ivy league is Dartmouth's Al Brindley, who joins Johnny Palmer and Bill Van Breda Kolff of Princeton and Paul Walker of Yale.

CLEANING THE CUFF

No wonder Gil Dunning decided to drop back to mile running after last Saturday's two-mile performance. Greg Rice, on a good night, would have just about lapped Gil and he certainly would have been fresher at the finish. . . . Abe Greene, NBA president, used to be one of the best left-handed handed players at the Paterson, N. J., YMCA. . . . Bucky Harris turned out for the Yanks' first dirt wearing baseball pants marked "bat boy." . . . So that's the mysterious executive position Larry MacPhail hired him for.

Battermen Arrive At Camp Of Braves

Fort Lauderdale, Fla., Feb. 18 (P)—Manager Billy Southworth sent his Boston Braves through their paces again today with a squad of 16 pitchers and four catchers on hand to begin the 1947 spring baseball training season.

The Braves reported for training yesterday and the Battermen will work out daily until Friday, when the remainder of the squad arrives to get down to hard work.

Dodgers Depart For Spring Camp

Brooklyn, Feb. 18 (P)—With 44 players out of a roster of 47 signed, the Brooklyn Dodgers departed today for Havana where they will make their 1947 spring training base. Only Pitcher Joe Hatten, Outfielder Carl Furillo and Catcher Bruce Edwards are still outside the fold, but President Branch Rickey expected no trouble from the balking trio.

on the fan mail he received during almost three months in the hospital.

The former home run king had "a restful day and felt well," his daughter, Mrs. Julia Flanders, reported last night.

MIKE MILLIGAN BECOMES COACH AT PITTSBURGH

By ELAINE KAHN

Pittsburgh, Feb. 18 (P)—The University of Pittsburgh had its fourth football coach in eight years today—Walter (Mike) Milligan—and there was hope the new mentor would restore the Panthers to the gridiron heights they once enjoyed.

Previous efforts by Charley Bowser, T-Master Clark D. Shaughnessy and Wesley Fesler, resulted in a drab record of 27 wins, 42 losses and two ties.

Milligan, 42-year-old Pitt graduate, was named yesterday. He replaced Fesler who resigned to take over the head coaching duties at Ohio State university.

To Use Single Wing

In returning to its modern policy of naming graduate coaches, first broken with the appointment of Shaughnessy in 1943, then Fesler, Pitt will also return to the single wing "power" football system which Milligan learned as one of Dr. John (Jock) Southernland's star guards in 1929-31.

Basically I will employ a single wing with an unbalanced line," said the new mentor, who served as a freshman coach with Sutherland for five years.

Milligan said Dick Cassiano, member of Pitt's famed "Dream backfield" of 1937, will serve as one of his assistants, with three more to be named.

Gets Fesler Salary

No terms of Milligan's contract, believed to be a verbal one, were made public. However, it is likely he will get about \$8,500, the rumored salary of Fesler last year.

The Pitt portfolio marks Milligan's first head coaching chore, although he served a long apprenticeship as an assistant at Pitt, Florida and Tulsa. He aided Josh Cody at Florida in 1939 and 1940 and served five years in the same capacity under Henry Frnka at Tulsa.

Milligan returned to Pitt as line coach when Fesler took over last year. Fesler said he did not know Milligan previously but hired him on Pitt's recommendation. He liked him so well that he recommended him as his successor, saying: "He's a grand guy. We wouldn't have been able to do half the job we did this year if it hadn't been for Milligan."

Bullet Nine To Play Lafayette, Lehigh

Easton, Pa., Feb. 18—A 21-game schedule for the Lafayette College baseball team this season has been announced by Director of Athletics Bill Anderson.

The Maroon nine, coached by Charley Gilbert, former St. Louis Cardinals' shortstop, will open the season with Penn on April 3 at Philadelphia and also will play Princeton and Army away before its first home game with Villanova on April 9.

The schedule is as follows:

April 3, Penn—away; 5, Princeton; 7, Army—away; 9, Villanova; 12, Seton Hall—away; 16, East Stroudsburg Teachers—away; 19, Bucknell; 23, Muhlenberg—away; 26, Lehigh—away; 30, Swarthmore; May 3, Gettysburg—away; 7, Temple—away; 10, Rutgers; 12, Moravian—away; 14, Muhlenberg; 16, Colgate—away; 17, Syracuse—away; 21, Lehigh; 24 Rutgers—away; June 6, St. Joseph's; 7, Lehigh.

Bethlehem, Pa., Feb. 18—A three-game series with Lafayette College will feature the 1947 baseball schedule of Lehigh University, announced today by Percy L. Sadler, director of intercollegiate athletics. The Engineers will play 18 games including away contests with Army and Navy; the season opening April 9 against Muhlenberg at Allentown.

The schedule:

April 9, Muhlenberg at Allentown; April 11, University of Connecticut; here; April 12, New York University at New York; April 16, Franklin and Marshall, here; April 18, Bucknell, here; April 19, University of Delaware, here; April 23, Rutgers, here; April 26, Lafayette, here; May 3, Navy at Annapolis, Md.; May 7, Muhlenberg, here; May 10 Gettysburg here; May 14 Swarthmore, here; May 17, Rutgers at New Brunswick, N. Swedes Defeat U.S. Hockey Team

Prague, Feb. 18 (P)—The Swedish team today was conceded a good chance at the world ice hockey championship.

Sweden, which previously had tied 4-4 with the Swiss team, came back last night with a three-man goal defense that was virtually air-tight and defeated the American entry 4-1. Earlier, the Americans had nosed out Switzerland 4-3.

BANTAMS REMATCHED

Los Angeles, Feb. 18 (P)—March 11 is the new date for the bantamweight title rematch between Champion Harold Dade and Ex-King Manuel Ortiz. Originally scheduled for March 4, the bout was moved back when Dade cut his hand opening a jar of preserves, it was announced.

Interstate Owners Will Curb Gambling

Lancaster, Pa., Feb. 18 (P)—President Gerald H. Nugent of the Class B Interstate Baseball league told club owners to institute their own measures to halt gambling in the loop's ball parks.

Nugent made his anti-gambling suggestion at a league meeting yesterday where a 140-game schedule, opening April 30, was adopted.

The Interstate Sportswriters and Broadcasters association held its third annual banquet last night. L. Gerald Flynn, director of Public Relations at the U. S. Naval academy; Dr. Theodore A. Distlet, president of Franklin and Marshall college and President Tommy Richardson of the Eastern Baseball league were among the 425 guests.

BIVINS CLOSER TO LOUIS BOUT

Philadelphia, Feb. 18 (P)—Jimmy Bivins, Cleveland's Negro heavyweight contender, was one step closer to a crack at Champion Joe Louis today after earning his third successive 10-round decision over Curtis (Hatchet Man) Sheppard.

Bivins, slamming away from the first bell, was the unanimous choice of both judges and the referee. He opened the Philadelphia's eye early in the first round and kept the wound bleeding, by vicious jabbing, throughout the fracas.

Outweighed 10 pounds—Bivins scaled only 185—the Clevelander probably will meet Jersey Joe Walcott of Camden, N. J., in his next step up the ladder to a championship bout. If he gets by the aging Walcott, Bivins might be matched with Louis who rates the Ohio battler as the No. 1 heavyweight title contender.

Hergesheimer Needs Six For New Record

New York, Feb. 18 (P)—Shooting for a new American Hockey league record Phil Hergesheimer, 32-year-old player-coach of the Philadelphia Rockets continued to top the circuit's individual scoring column today and needed only six more goals for a new high.

League statistics show Hergesheimer still out in front—as he has been most of the season—with 77 points for 53 games.

In his last two games he picked up three goals to run his season's total to 41, to surpass Johnny Holota of Cleveland, previous goal scoring leader.

The league record is 46, made last season by Joe Bell while playing for New Haven and Hershey.

Holota, third in total points a week ago, pulled into a tie for second place with Cliff Simpson of Indianapolis. Each has 68. Cleveland's Bobby Carse ranks fourth with 67 and still leads in assists with 47.

Sam Angott Wins In First Round

Wheeling, W. Va., Feb. 18 (P)—Former Lightweight Champion Sammy Angott made a brief but potent debut in the welterweight ranks last night when he knocked out George Dixon of Indianapolis in the first round of their scheduled ten-rounder.

The end came just five seconds before the bell, but it was obvious to the crowd of 1,100 before that Dixon, weighing 150, was to be no match. The ex-champ put Dixon down for a nine-count with a hard right and he barely staggered to his feet before he was sent to the canvas for keeps.

REIF MEETS LAY

Philadelphia, Feb. 18 (P)—Morris Reif, New York lightweight, tangles with Dorsey Lay, Philadelphia, in a 10-round bout at the Arena here next Monday night, Promoter Herman Taylor announces.

In another 10-rounder on the same card, Freddie Russe, Rahway, N. J., featherweight, will meet Willie Weasel, Philadelphia.

SPORTS OUTLOOK FOR PITTSBURGH BECOMES CLOUDY

By ORLO ROBERTSON

Pittsburgh, Feb. 18 (P)—It wasn't so long ago that sports fans in these parts were as busy talking about 1947 prospects of Pittsburgh teams as Dr. H. C. Carlson was lambasting basketball officials.

The veteran Pitt court coach still is going strong on his favorite subject but there has been a letdown in the optimism of the fans who forecasted Bill Dudley leading the football Steelers to a National league title, Hank Greenberg pacing the Pirates into the first division with home run bargains and Wes Fesler coaching a University of Pitt eleven reminiscent of pre-war days.

Loss of the "big three" leaves a hole in the Steel City's sports picture, although actually Greenberg never was a member of it. The Steelers have signed up a host of promising rookies but none that gives promise of filling Bill's shoes. The Pirates will be much the same team that finished seventh last year except for the addition of several veterans and likely-looking rookie hurlers. Buc supporters are hopeful that Manager Billy Herman will provide or find the needed spark plug.

Most of the players who won three or tied one of Pitt's nine football games last fall will be back. But whether Mike Milligan or whoever is named to replace Fesler, will be able to get as much out of them as the personable Wes remains to be seen.

Pitt has finished a so-and-so home basketball season but there never was a dull moment whether the Panthers won or lost. Hardly a game passed but what Carlson got embroiled with the officials and the fans loved the show staged by the likable coach. In the West Virginia game, when he won his point, Carlson got out on the floor and led the cheers.

The advance sale of season tickets hasn't fallen off since Greenberg said "no dice" to the Pirates. . . . W. and J. with likely looking prospects for the 1947-48 court season and Hank Knoche the only regular due for graduation. . . . Freshman Don Asmonga of Little Alliance tabbed as future basketball great. . . . Mountainers Will Meet Temple Tonight

Morgantown, W. Va., Feb. 18 (P)—West Virginia university will be out tonight to keep one winning streak intact—its 26-game skid in the Mountaineer field house—when it meets Temple in a return contest.

The Mountaineers, handed their first 1946-47 defeat last week by Navy, humbled the Owls previously 85-48.

Would Transfer State Water Bd.

Harrisburg, Feb. 18 (P)—The State Sanitary Water board would be transferred from the Health department to the Department of Forests and Waters under a bill in the legislative hopper today.

Rep. Charles H. Brunner, Jr. (R-Montgomery), author of the 1945 Clean Streams law, introduced the measure in the state House of Representatives last night.

Governor Duff, before his inauguration last month, told reporters he would consider asking the legislature to permit the transfer in order to bring the stream clearance program entirely under the jurisdiction of Forests and Waters.

The department would serve as enforcement agent for the board and conduct such inspections and investigations as required by the five-man agency.

QUITS AS CHIEF OF HIGH COURT

Harrisburg, Feb. 18 (P)—Governor James H. Duff today announced the resignation of Judge Thomas J. Baldridge, as president judge of the State Superior Court, effective on March 1.

The governor, in accepting Baldridge's resignation wrote the Hollidaysburg jurist:

"I want to assure you, personally, and in behalf of the people of the commonwealth, that I am sorry indeed to lose your great and conscientious ability as the president judge of the Superior court.

"For a conspicuously long period, you have rendered outstanding service to the people of Pennsylvania; and, on their behalf, as you retire, I would like to thank you for good and faithful service, outstandingly well done, in whatever capacity during the years you have had occasion to serve the commonwealth."

The governor said that Baldridge's resignation automatically elevated Judge Chester H. Rhodes, democrat, of Monroe county, as president judge of that Appellate court. "He's a high class gentleman and will be the first democrat to serve as president judge of the Superior court."

Today's Talk

EVER RENEWING HOPE

We are driven ahead by our desires, by our expectations—our hope. There must be a deep urge ever within us, else we become stagnant—useless to ourselves and to others. In every act we perform and in every thought we think there is this abiding and restless urge at work.

Especially is this true in a free world, where individual incentive has full play. What hope has the individual in a dictatorship or controlled state? A high fence is built about the individual in such a state and his hope becomes self-harnessed to a dream! A dream that may forever make its nest nowhere outside his unconscious self.

But we, who have been so fortunate as to have been born in a free land, may forever hope—and build upon that hope. Never must the joy of it be lost. Its substance is what keeps us alive, imaginative and full of purpose.

It is natural, however, for all of us at times to lose some of this hope, to feel that we have lost a fight, or that we have been shoved aside. It is within ourselves, however, no matter how we think about it, that we are "underlings." It lies within ourselves to become assertive. We clear our own roads. We are individual builders. We are owners only of that which we alone build.

We must live each day under the star of renewing hope—ever planning, ever striving—never deserting the ideals by which we gain this hope, so essential to our individual happiness and to the influence which we radiate.

Hope must become a habit, and the more we become schooled by it, the more we are inspired and uplifted by it. You have heard the expression, "Hope lost, all is lost." You may recall, too, that famous painting by G. F. Watts, showing a woman clinging to the cross upon a rock in the open sea, which the artist has called "Hope."

How very important it is, therefore, that we cling to hope, renewing it at the inception of each new day, refreshed by it, and enriched as well.

Tomorrow Mr. Adams will talk on the subject: "Enjoy Yourself"

Just Folks

By EDGAR A. GUEST
The Poet of the People
HIGH-HAT MEMORY

When I was eight or nine or ten I loved snow-balling top-hat men. Behind a tree in wait I'd lie. Some gentleman's top hat to spy. And never thinking I should not. With impish glee I'd take a shot.

Of all the targets boyhood had, When I was a mischievous lad, A youngster's throwing arm to test, A gentleman's silk hat was best. In winter never one went by But what to knock it off I'd try.

Ah me! how swiftly time has flown! Now fat and temple-gray I've grown, But on my head has never been A high hat with its silken sheen; I've been afraid behind a tree Some day would lie in wait for me.

quet in their post room, on Friday evening in commemoration of the birthday of Abraham Lincoln. After the banquet a campfire was held at which Capt. James T. Long presided as toastmaster.

The following responded to toasts: Hon. W. T. Ziegler, Jacob Kitzmiller, J. Edw. Wible, Hon. Theo. McAllister, J. W. Flaharty, Hanson Lightner. About 80 members of the Post attended the banquet.

Snowballing: There has been entirely too much snowballing by boys on the streets and it is time the police and school authorities make some effort to stop the nuisance. Several persons have been hit with the balls, and while we have heard of no serious injury yet, it is mainly through good fortune that no one has been hurt. In one instance a lady 82 years of age while walking on Baltimore street near the Court House, was struck in the eye with a snow ball thrown by a school boy; beyond the shock she has thus far experienced no injury, but the result might have been serious.

Parents would do well to caution their boys, and the burgess should order the enforcement of the ordinance.

CYCLOTRON IS OPEN TO PRESS AT PITTSBURGH

Pittsburgh, Feb. 18 (AP)—The University of Pittsburgh threw open to the press yesterday the bronze doors of a half-buried little building on O'Hara street which houses its new 20,000,000-volt cyclotron.

At the same time, Dr. Alexander J. Allen, who developed the "atom smasher," announced it already is producing radioactive matter for research use in the Pitt medical school and in the Massachusetts Institute of Technology.

The 47-inch instrument, third largest in the world, is still being "tuned." Dr. Allen said, and will not be ready for a public inspection for a month or more. Even then the list will be restricted mainly to teachers, physicists and others with a genuine interest in atomic research—principally because the squat, 100-ton mass of copper and steel already crowds the building in which it is housed.

Delayed By War
The cyclotron was projected in 1939 and the specially-sheathed brick and steel building was complete in 1942. Installation of machinery was delayed by the war.

In the cyclotron process, electrically-charged particles of heavy hydrogen—called deuterons—are activated by a radio transmitter and spin at an incredible speed in an electrostatic field. A power electromagnet moves them in a spiral out to the edge of the field.

The deuterons, pushed by the impact of 20,000,000 electron-volts of energy, are now moving at the rate of more than 20,000 miles a second—fast enough to encircle the world in little more than a tick of the clock.

At the edge they hit "target material" with such force that its nuclear structure is disrupted and it becomes radioactive. The entire process is completed in a matter of minutes.

Hope must become a habit, and the more we become schooled by it, the more we are inspired and uplifted by it. You have heard the expression, "Hope lost, all is lost." You may recall, too, that famous painting by G. F. Watts, showing a woman clinging to the cross upon a rock in the open sea, which the artist has called "Hope."

How very important it is, therefore, that we cling to hope, renewing it at the inception of each new day, refreshed by it, and enriched as well.

Col. Wilhelm Has Dismissed Lt. Carr

Harrisburg, Feb. 18 (AP)—Col. C. M. Wilhelm, state police commissioner, announced today dismissal of Lt. John A. Carr, a veteran of 23 years on the force, who faced a trial board last week at the Wyoming, Pa. barracks.

"It has been directed that Lt. Carr be dismissed from the service of the Pennsylvania state police, effective as of February 17, on charges of conduct to the prejudice of good order and police discipline," Col. Wilhelm said in a brief statement.

Col. Wilhelm declined to amplify the statement and specifically declined to discuss the nature of the charges involved in the case.

Lt. Carr, at his home in Wilkes-Barre also withheld comment. He was traffic control officer at the Wyoming barracks.

Await Facts In Liquor 'Graft'

Harrisburg, Feb. 18 (AP)—Senate Republicans awaited "evidence" today from Sen. John Dent (D-Westmoreland) before proceeding with any investigation of the Democratic leader's charges of "graft out of the sale" of a brand of whisky purchased by the Liquor Control Board.

Dent renewed his charges on the Senate floor yesterday and asked for an inquiry into them after Liquor Board Chairman Frederick T. Gelder asserted in a letter to the Senate that "should either furnish some facts" to substantiate his graft charge or "retract them in the forum (Senate) in which they were made."

"The charges have been made that over \$1,000,000 of graft was made out of the sale of Kinsey whisky," Dent replied. "I don't know if these charges are true or not but a complete investigation will disclose if they are true."

Sen. John M. Walker (R-Allentown) suggested Dent "make a prima facie case and present it to this body so that we can act accordingly."

Passports Need Local Okay First

In a memorandum to the prothonotary's office in the court house here, the United States Department of State, through its passport division, announced today that all applications for passports for travel to European countries, including England, Ireland and Scotland, must first be approved by the local office here.

The Department of State has relaxed its passport policy to such American tourists as have round trip transportation and hotel reservations, the announcement said. "Applicants will be required to certify that they have confirmed reservations from a reliable travel agency, confirmed hotel reservations, and that diplomatic and consular officers will be not expected to obtain other reservations for return transportation or facilities for internal transportation or hotel accommodations," the memo said.

Evidence of the reservations must be submitted to the prothonotary and receive approval. If the affidavits are not found satisfactory, they will be submitted to the Department of State.

dies. "A study of reasons why individuals are fired from jobs shows that the greatest reason is lack of desirable social habits, such as ability to carry out orders, ability to get along with fellow workmen and the like. Few people are fired because they do not know how to do a job.

"So our educational program must be changed to give everybody a general education rather than a vocational one. That will mean, however, that what is now known as vocational education in many schools will be come part of the general education given to all. I think no youngster should get through school without knowing how to handle tools, how to fix a leaky faucet and how to do most of the repair jobs around his house. I think that no girl should get through school without learning how to cook and run a kitchen. That is part of general education and the students used to get that education from their parents. But since the parents no longer teach cooking and carpentry the schools will have to do it for all.

"Education in how to get along with one another is becoming much more important than factual education. With facts constantly changing we are sure of one thing and that is that many of the facts taught today will be useless knowledge a few years from now. But we do need training in how to solve problems and that is the type of education schools must give."

Following Doctor Srafford's talk a round table discussion was held. Mrs. Rasmus S. Saby, president of the council, presided at the session.

SEES 1947 AS FATEFUL YEAR FOR FUTURE

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Columbians have a weakness for being AWOL at times, but they generally turn up again like the bad penny—and your correspondent is happy to report back for regular duty after having played hookey quite a bit over a considerable period.

I'm glad to be on the job again for two reasons. One is that I like my work and consider it a rare privilege to be able to talk with you good folk each day. The other is that 1947 may be the pivot on which will turn the fortunes of mankind for a generation—or even more. Certainly it will be a year of vast importance.

This will be a period of big affairs for Uncle Sam at home, of course. But it would be a grave mistake for us to believe that we could reach a correct solution of our own problems without considering many of them in relation to foreign developments. Like it or not, it is imperative that our American course be charted with due regard to external circumstances. If we are to have a true perspective we must know not only what is happening abroad but what it means.

All Affect U. S.

That's the message we read in the headlines of our newspapers these days. Just consider the current crises, every one of which affects the United States:

"Efforts to reach an agreement for international control of atomic energy have blown up, and the United Nations are back about where they started two-thirds of a year ago. The atomic issue is one of the most dangerous with which we are faced, for it easily could produce another rupture of world peace.

Mother England—member of the Big Three—is in the midst of one of the fiercest economic crises of her long history, and at the same time her empire is going through a metamorphosis which involves the granting of freedom to mighty India and adjacent Burma—and heaven alone knows what else. As though that weren't enough, the bloody Palestine imbroglio remains a red-hot problem, not only for Britain but for the world at large.

Chain of Crises

The position in China—suffering from the effects of her long war with Japan and from the fierce civil strife between the Chinese Communists and Generalissimo Chiang Kai-shek's Nationalist government—never has been worse. Nothing has happened to change the view of many observers that the only solution is a fight to a bloody finish. Having learned something of this upheaval at close range in that unhappy land I certainly wouldn't dispute the argument that the quarrel must be settled on the battlefield.

Relations between Moscow and Washington are far from being all honey and flowers, as witness Foreign Minister Molotov's sharp note of protest which characterizes testimony by Undersecretary of State Acheson before a Senate committee as being "gross slander and hostile to the Soviet."

Thus it goes—an endless chain of crises. All these we must study and understand. Not to do so would be to invite trouble.

So this column will call attention to important situations and try to interpret them. And your columnist hopes that readers will continue to do it for all.

Says Economic Life Is Church Concern

Pittsburgh, Feb. 18 (AP)—The Rt. Rev. Angus Dun, Episcopal bishop of Washington, said today churches must concern themselves with economic life because they are not ministering to "disembodied souls, but souls in bodies of flesh and blood."

He made this statement in a sermon prepared for delivery at the opening of the National Conference on the Church and Economic Life.

Bishop Dun acknowledged that the church's "first business" is with spiritual matters. But on the controversial question of the church's attitude toward the economic order, he took issue with those who argue that the scriptures forbid any church concern with things like labor-management relations.

The conference, sponsored by the Federal Council of the Churches of Christ in America, attracted several hundred Protestant leaders—mostly laymen—for three days of discussions.

fitted bodice with buttoned back to the waist, long tight fitted sleeves which tapered over the hand, a sweetheart neckline with a skirt of marquisette over net over satin. Her finger-tip veil hung from a tiara of sea pearls. She carried a white prayer book from which hung multiple streamers of white ribbon entwined with white sweetpeas. The veil and prayer book were both used by her sister, Mrs. Jerome Peters, who was married November 20, 1946.

Attended By Sister

The bride's sister, Miss Francis Baker, was her only attendant. She wore a gown of aqua blue marquisette with a sweetheart neckline and long sleeves caught by a band at the wrist. Her headpiece was a small pink feathered cap over which flowed a shoulder length pink veil. Her bouquet was of pink and white snapdragons.

The groom chose his brother, Sterling Orndorff, for his best man. The ushers were, Jerome Peters, brother-in-law of the bride, and Francis Hemler, a cousin of the groom.

The Rev. Msgr. John L. Sheridan, president of Mount St. Mary's college was present in the sanctuary during the ceremony.

The bride's mother and the groom's mother were attired in dark blue crepe dresses and each wore a corsage of pink rosebud and white sweetpeas.

The altar boys who served the mass were Charles Baker, brother of the bride and Michael Boyle.

Wedding Breakfast

After the ceremony a breakfast was served at the home of the bride to about 40 persons. A three-tier wedding cake topped with a miniature bride and groom furnished the centerpiece for the table. A reception was held in the evening from 6 to 10 o'clock and was attended by about 75 people. The couple received many presents.

The bride chose for her going-away ensemble a royal blue dress with black accessories and a corsage of yellow rosebuds.

The bride is a graduate of St. Joseph's high school, class of 1946, and has been employed by the Blue Ridge Rubber company of Taneytown. The groom attended Emmitsburg high school and is now employed on the farm of Samuel C. Hays.

On Wedding Trip

The music for the ceremony was furnished by the church organist, Mrs. Euphemia Rotering. Solos were sung by Guy Baker, Jr., brother of the bride, who sang "On This Day O Beautiful Mother" and "Mother At Your Feet is Kneeling," "Ave Maria," by Gonor, was sung by Mrs. Marie Rosensteel. At the communion of the mass Guy Baker, Jr., and Clarence Orndorff, brother of the groom sang, "Oh, Lord I am not Worthy." As a concluding number, Mrs. Rotering and Mrs. Rosensteel sang, "Hail, Queen Enthroned On High."

The couple left immediately after the reception for a short wedding trip and upon their return will reside at the home of the bride for the present.

Two New Members

"The first patent medicine in America was developed in 1711. Known as Tusciora Rice it was supposed to be a consumption cure. The first pharmacy school was established at Philadelphia in 1821 and the first individuals to hold separate professorships in pharmacy were George W. Andrews and Thomas Mackenzie at Baltimore in 1841.

"The first pharmacopoeia in America was published in Philadelphia in 1778. Written in Latin by a Litzitz physician it was printed on 32 pages with the text occupying a space of 4 1/2 by 2 1/2 inches on each page. The first pharmacopoeia to be published in English appeared in 1808.

Forty-eight members attended the meeting at which the president, Dr. Chester N. Gitt, presided. Edmund W. Thomas, Jr., and Lycurgus Long were introduced as new members. Dr. C. Harold Johnson introduced the speaker.

"Twenty years ago physicians had to rely very largely upon botanical drugs and their preparations. Prescriptions were very complex in that it was not unusual for the doctor to combine six, eight or ten ingredients in one prescription. In that day too prevailed the idea that the more atrocious the taste the greater the psychological effect.

Oldest Drug

"Today medicine science through its discoveries has become much more precise and this is reflected in prescriptions written today. The tendency is more and more to prescribe a single drug so as to obtain its full effect and not have the result blurred by the action of other ingredients. Today too the doctor has the sulfas, penicillin and other drugs that were not available a few years ago. So today's prescription is made up, for the most part, of a single drug or a single prescription specialty.

"America's first drug store was opened in Boston in 1646 by William Daves and Pennsylvania was the first colony to have a drug store operated according to the German model."

The oldest "drug" still in use is terra sigillata, which was created about 100 A.D. by the Greek Chemist.

Dr. Hoover To Be Lenten Speaker

Services for the Lenten season will open at Elias Lutheran church with Holy Communion Wednesday evening at 7:30 o'clock when the Rev. Dr. H. D. Hoover, Gettysburg, will deliver the sermon. Dr. Hoover will also assist the Rev. Mr. Bower in the administration of Communion.

Special services will be held each Wednesday evening at 7:30 o'clock at the church during Lent. Dr. Hoover will deliver the sermons on March 5 and 19. The Rev. Herbert Schmitt will preach on March 12.

The public is invited to attend all services.

ONE ABDUCTOR STILL AT LARGE

Jack H. Billingsley, 50, alias Starr, of Brunswick, Md., one of four prisoners who escaped from the Frederick county jail at Frederick, Md., January 25, forced a Frederick taxi-cab driver to bring them to Gettysburg and then stole an automobile here for their get-away, is still at large, borough police learned today.

The three other men, Lloyd R. Mauk, 24, and James H. Hite, 25, both of Cumberland, and Harry P. Ball, 34, of Frederick, have been apprehended and are in custody. Hite, who was arrested by FBI agents as he came out of the post office at Bedford, told authorities he had no part in the theft of the car here.

Billingsley, according to the FBI, has a long criminal record. He was being held at Frederick for forgery. Mauk and Hite were held for the robbery of a liquor store at Ridgeville, Md., and Ball for embezzlement.

The taxi driver, Mehrl L. Hobbs, Frederick, was forced at gunpoint to drive the men here, where he was trusted up in the back of his car. Mauk, Billingsley and Ball, authorities said, stole the car of Lloyd A. Durboraw, 101 Springs avenue. It was recovered at Ligonier.

TRIPLE PROBE INTO KILLING

Pickens, S. C., Feb. 18 (AP)—Federal, state and county police joined today in a search for clues to the identity of the armed mobsters who seized a negro from the county jail, carried him into another county and there stabbed and shot him to death.

The negro, Willie Earle of Greenville, was being held in the Pickens county jail in connection with the fatal stabbing of T. W. Brown, Greenville taxi driver.

Earle's body, still warm, was found about dawn yesterday just inside the Greenville county line by passersby who notified Coroner J. O. Turner. Ed Gilstrap, 62-year-old jailer for Pickens county, said the mob, masked and armed, arrived in seven cars and ordered him to deliver the prisoner into their custody. He estimated the number in the mob at 25.

Earle's body was identified by Pickens county Sheriff, W. H. Meuldin. Gov. Strom Thurmond ordered the state constabulary to cooperate with Pickens police, and the FBI yesterday ordered its Charlotte office to investigate.
